This Licence is Granted under the following Legislation:		
Wildlife and Countryside Act 1981 (as amended): Section 16 (4) (c)		
Project Details		
This licence has been issued to allow for the supplier to use, supply and this licence also permits the customers of the licence holder to release <i>Steinernema carpocapse</i> , <i>Steinernema feltiae</i> and <i>Heterorhabditis bacteriophora</i> in the product known as 'Supernemos 2' for the control of vine weevil, wireworm, strawberry root weevil, carrot fly maggot, cutworms, leatherjackets, larvae of <i>Sciidae</i> family, cabbage worm and chafer grub in ornamentals, nursery stock, soft fruit, vegetable crops and turf.		
Activities, species and locations covered by this licence are listed in Annex 1		
Conditions		
1	This licence only applies in respect of disease free <i>Steinernema carpocapse</i> , <i>Steinernema feltiae</i> and <i>Heterorhabditis</i> in the product known as 'Supernemos 2'.	
2	Customers are considered agents of this licence and can work independently of the licence holder, provided they have read and understand the conditions attached to this licence.	
3	When the licensee supplies 'Supernemos 2' to a grower in Scotland, he shall also supply a copy of this licence and instructions relating to the application of 'Supernemos 2' including the maximum rate of application as detailed in condition 4 below.	

4	Customers in Scotland must be instructed that the total number of individual nematodes releases for crop control of pests in an individual crop shall not exceed 500,000 per square metre up to twice in any one year or a total of 1,000,000 per square metre per year for each species in the Supernemos 2 combination.
5	The licensee shall also supply to the grower, a copy of his growers guidelines and monitoring protocols, designed to minimise the escape of 'Supernemos 2' into the wild.
6	If there is evidence that 'Supernemos 2' has become established in the environment, the licensee shall notify Scottish Natural Heritage immediately.
7	If there is any evidence that 'Supernemos 2' has caused any damage to crops on the areas covered by this licence, the licensee shall notify Scottish Natural Heritage immediately.
8	While engaged in work authorised by this licence, the licensee(s) and agents if appointed, shall each carry a copy of the licence and produce it to any police officer, authorised person, or official of SNH on demand. The licence should also be displayed on the www.supernemos.com website.
9	The licence holder must provide SNH licensing team with annual returns, summarising the work carried out under this licence. The final return must be submitted within one month of the expiry of this licence. Failure to submit an annual return may result in SNH revoking this licence. Returns should include the names and addresses of customers who have bought the product, the number of units sold and the location/address where the customer intends to use the product. This return should also include confirmation that the cultures of 'Supernemos 2' were disease and parasite free.
